Office Action Summary

Art Unit: 1761

The request filed on 11/1/2002 for a Continued Prosecution Application (CPA) under 37 CFR 1.53(d) based on parent Application No. 09/479,549 is acceptable and a CPA has been established. An action on the CPA follows.

The rejection of claims 1-4 and 9-12 under 35 USC 102(e)/103 as being unpatentable over Ackley ('876) in view of Redford et al^{a/}, Ream et al, Yamamoto et al and Krubert has been overcome by the Declaration filed under 37 CFR 1.131 on 11/1/02, paper no. 16.

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Claims 1-4 and 9-12 are rejected under 35 U.S.C. 103(a) as being unpatentable over Ream et al (WO '075) in view of Redford et al (WO '884), or vice versa, both further in view of Yamamoto et al ('252) and Krubert ('273) for the reasons fully and clearly detailed in the Office action mailed 12/31/01, paper no. 12.

Applicants' remarks filed 11/1/2002, paper no. 14 have been reviewed. Applicants request reconsideration of the rejection employing Ream, Redford, Yamamoto et al and Krubert for reasons "already of record". The reasons of record filed 9/27/01, paper no. 11 have already been fully considered and addressed and found not to be convincing in the Office action mailed 12/31/01, paper no. 12.

All claims are drawn to the same invention claimed in the parent application prior to the filing of this Continued Prosecution Application under 37 CFR 1.53(d) and could have been finally rejected on the grounds and art of record in the next Office action. Accordingly, **THIS**

Art Unit: 1761

ACTION IS MADE FINAL even though it is a first action after the filing under 37

CFR 1.53(d). Applicant is reminded of the extension of time policy as set forth in 37

CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
